

OPPORTUNITY ALERT!

# FoodCycler™ Pilot Program

Town of Mattawa residents have an exciting opportunity to purchase a FoodCycler™ at subsidized price. Municipal participation in the program depends on resident involvement.

If you would like to participate, please let us know by completing the survey in the description!

# What is a FoodCycler™?

The FoodCycler™ is an in home food waste recycler that transforms food scraps into a nutrient-rich soil amendment with many beneficial uses, such as in your garden!

# How it Works

1

ADD SCRAPS TO  
BUCKET

2

ADD BUCKET TO  
FOODCYCLER

3

PRESS START.

90% VOLUME REDUCTION\*

THE RESIDUAL IS  
100% BIO-  
DEGRADABLE & CAN  
BE USED IN THE  
GARDEN.

# Why Should I Participate?

Did you know that food waste makes up the majority of household waste, and when put in the landfill it is a major contributor to greenhouse gas emissions?

By participating in the FoodCycler™ Pilot Program, you can keep food waste out of the landfill - reducing your carbon footprint and supporting the Town of Mattawa's sustainability goals.

# What is Required of Me?

1. Purchase a FoodCycler™ at a subsidized rate:  
Eco 3 (~~\$600~~ \$200) or Eco 5 (~~\$800~~ \$300)

2. Use your FoodCycler™ and track your cycles for  
12 weeks, completing a brief survey at the end

3. Continue to use your FoodCycler™  
and divert food waste
